

30th September 2018

Dear Mr. Simon Beer,

This September, having the privilege of leading Guizhou delegation to visit Buss ChemTech, I fully understood the strengths on chemical technologies of your company and service capability on developing and optimizing the tailored chemical processes for customers, and had a meaningful communication regarding pushing forward the next step cooperation. With your most kind hospitality and full support, we've had a successful visit, and I would like to thank you and Buss company on behalf of the Provincial People's Government.

In recent years, Guizhou has been one of the provinces that gained highest economic growth in China, its development has entered into the fast track. Currently, Guizhou is seizing the opportunity of implementation of Big Data strategy, and fully utilizing the "Internet+" to rapidly reform its traditional manufacturing industry with huge demand on advanced technologies, precise instrument, and high-end equipment manufacturing.

Buss Chemtech is a world leading technical solution provider in the chemical industry, and has had a very good cooperation relationship with Wengfu Group for over ten years, who is endeavor to become one of the high influential fluorine provider in the world. With the firm foundation of your cooperation, we believe, pushing forward practical cooperation between Buss ChemTech and Guizhou will certainly result in fruitful achievements.

I truly hope you would pay some attention to Guizhou, and pay us a visit at your convenience. Looking forward to receive you in Guizhou, to renew our friendship, and to seek mutual development.

Sincerely,

Li Zaiyong
